	<input type="checkbox"/> Licensing	<input checked="" type="checkbox"/> Nursery Schools	
	<input type="checkbox"/> Financial	<input type="checkbox"/> Family/Group Homes	

The Early Learning and Child Care (ELCC) Building Fund provides capital grants to eligible community capital projects for the creation of new child care spaces through new non-profit child care centre development, or expansions projects of existing non-profit child care centres. The minimum size of capital development should be 52 spaces for infant and/or pre-school and school-age children in urban centres, and 24 spaces in rural Manitoba. More information on the Building Fund is available here: [Capital Building Fund Program](#)

The ELCC program also offers the Child Care Centre Development Tax Credit (CCCDTC) Program. This program provides a tax credit for private taxable corporations who invest in the creation of new ELCC spaces to support their employees and the surrounding community. For more information please see: [Child Care Centre Development Tax Credit Program](#)

If you have questions regarding Capital Building Fund for non-profit child care centres and/or CCCDTC program for private corporations, please contact the Facility and Capital Development Analyst at Child Care Grant Funding at CCGF@gov.mb.ca.

Thank you.
