This circular is to advise all funded early learning and child care (ELCC) centres and family/group homes of the procedures related to preschool children attending full-day kindergarten.

There are no immediate changes to the existing process and funding structure for ELCC facilities, which is as follows:

Definition of Preschool and School-Age

Manitoba’s child care legislation and regulations define a preschool age child as a child two to six (2-6) years of age not enrolled in grades one to six in a school, and a school-age child as a child enrolled in grades one to six in a school.

Therefore, for facilities with children attending full-day kindergarten, preschool rates and regulations will continue to be in effect, unless an age exemption is in place.

Age Exemptions

Age exemptions for kindergarten children to be considered school age is an option that continues to be available for facilities accommodating kindergarten students. The exemption can assist another family in securing a child care space in a preschool and/or school-age centre, as needed. An age exemption request is reviewed to assess whether the facility can meet the developmental needs of the child/ren and ensure the health, safety and well-being of the child/ren. Once approved, all regulations related to school-age care, including fees, will apply to the care of this child.

Parents or guardians must consent to the school-age exemption, and the exemption must be approved by the department. Exemptions are considered in the following situations:

1. a preschool age child enrolled in a full-day kindergarten, or
2. a preschool age child enrolled in a part-day kindergarten who is six years old

Fillable PDF age exemption request forms can be found at:

- www.gov.mb.ca/education/childcare/resources/pubs/age_exemption_request_for_m_centre.pdf
- www.gov.mb.ca/education/childcare/resources/pubs/age_exemption_request_for_m_home.pdf

Child care centres and home-based providers may use the forms to request that the department consider individual and/or multiple kindergarten children age exemptions.

Note that age exemption requests must be submitted at least two weeks before the proposed start date.
