## I. Pregnancy and FASD Prevention Services

### Manito Ikwe Kagiikwe (The Mothering Project)

Mount Carmel Clinic  
886 Main Street  
Winnipeg, MB R2W 5L4  
Phone: 204-479-0203

This program is for people who are pregnant or who have given birth in the past 12 months, and are experiencing substance use and other complex issues. We are trauma informed, culturally grounded, and harm reduction orientated. We meet people where they are at and walk with them as they work towards their goals. Services include: pre-natal care, help with housing, drop-in programs, healthy meals, parenting groups, help with EIA, addiction support, counseling, advocacy and support with CFS, referrals, and access to traditional ceremony and teachings.

### Project CHOICES

Project CHOICES is a free counselling program for people in Winnipeg who drink alcohol, and are sexually active and may become pregnant. Participants are offered up to four counselling sessions and one visit with a public health nurse to discuss contraception options. The program uses motivational interviewing strategies and content to encourage participants to set goals regarding their use of alcohol and/or effective birth control. Participants may self-refer or can have a service provider make the referral for them.

Project CHOICES sites are:

Klinik Community Health Centre: 204-784-4072

### InSight Mentoring Program

InSight is an outreach program where mentors provide three years of intensive support to people who are pregnant or have had a baby in the last 12 months, use substances, and are not currently well-connected to community supports. Mentors work one-on-one with participants to set goals, provide practical supports, promote healthy living and connect participants to community services. This client-centered program uses a trauma-informed and harm reduction approach, and is committed to providing holistic, culturally grounded care. Participants can self-refer or have service providers make the referral for them.

The community-based InSight Mentoring sites are:

### STAR Program

STAR aims to prevent prenatal alcohol exposure and FASD by using a harm reduction model to develop positive, supportive, mentoring relationships with pregnant people and parents, and connect families to appropriate and effective community resources. Relationships are built and maintained with participants for three years. The STAR program uses a

non-judgemental, strength-based, client-centred approach to empower their clients to make positive changes in their lives. STAR believes in providing culturally appropriate services. STAR values culture as vital to supporting participants and their families; mentors offer culturally appropriate services, including Indigenous parenting practices, traditional cooking, and crafting (beading, ribbon skirts, etc).

STAR is available on-reserve through the following organizations:

## FASD Justice Program

172 Doncaster Street  
Winnipeg, MB R3N 1X9  
Phone: 204-918-4682

The FASD Justice Program (FASD JP) provides diagnostic and responsive intervention for individuals in the Criminal Justice System with the goal to improve outcomes for those individuals impacted by FASD.

These services are for individuals 12-25 living in Winnipeg involved in the Criminal Justice System who are suspected or have FASD. Through a client centred and strength based approach, the goal is to ensure individuals impacted by FASD receive multidisciplinary assessments, appropriate judicial dispositions and collaborative case management. This includes focused advocacy in custodial centres, the courts and community; linking participants with suitable resources to maximize success while transitioning from youth to adult services. The FASD JP can also accept referrals for individuals ages 12-25 who have been previously diagnosed with FASD to receive collaborative comprehensive case management follow up services as above.

## III. Outreach and Support Services

### A. Children, Youth and Families

#### FASD Family Support, Education and Counselling Program

Unit 10 – 254 Stella Walk  
Winnipeg, MB R2W 2T3  
Phone: 204-582-8658  
[www.newdirections.mb.ca/fasd-support-education-and-counselling-program/](http://www.newdirections.mb.ca/fasd-support-education-and-counselling-program/)

The FASD Family Support, Education and Counselling Program works together with families and the community to support children and youth with FASD or confirmed pre-natal exposure to alcohol (up to age 14). Services are Winnipeg based, and counsellors work with parents and other systems (Education, Childcare, Housing, Health, CFS, etc.) to improve outcomes for children and youth. Services are tailored specifically to the needs of the family and individuals with FASD. Challenges involving attachment, mental health, learning difficulties, emotional/self-regulation, and at-risk behaviour are addressed through individual and group counselling services. Workshops, training and consultation services are also available for parents and professionals.

#### Manitoba Key Worker Program

Interlake-Eastern Regional Health Authority  
237 Manitoba Avenue  
Selkirk, MB R1A 0Y4  
Phone: 204-785-7548 or 204-904-7333

The Manitoba Key Worker Program provides support and personalized information to families of children and youth (ages 0-21) with FASD or confirmed prenatal alcohol exposure. Since each family is unique, Key Workers will assist the family in accessing supports, community resources, and health and education information that reflects the specific needs of the family. Key Workers supplement and enhance, but do not replace existing community resources. Key Workers work in collaboration with

parents, family members, adoptive parents, caregivers and service providers to assist the child/youth experience less frustration and more success.

#### Children's Therapy Initiative

The Children's Therapy Initiative is province-wide and includes all children from birth to 21 years of age requiring audiology, occupational therapy, physiotherapy and/or speech-language pathology services. The goal is to provide coordinated, regionally based services that allow children to reach their full potential. In Winnipeg call Specialized Services for Children and Youth (SSCY) at 204-258-6550.

In rural Manitoba call the regional health authority in your area.

Visit [www.sscy.ca/childrens-therapy-initiative](http://www.sscy.ca/childrens-therapy-initiative) for additional information and to download the referral form.

#### Children's disABILITY Services

Children's disABILITY Services (CDS): supports families who are raising their children with developmental and/or physical disabilities to meet some of the additional needs they may have. CDS offers a variety of supports (e.g., respite, therapy services, supplies, equipment and home modifications, behavioural services) to parents to assist them to care for their children at home in their own communities.

Visit the following website for more information and to find services in your area: [www.manitoba.ca/fs/cds](http://www.manitoba.ca/fs/cds)

#### Stepping Out on Saturdays Manitoba\* (S.O.S. MB)

This is a respite day camp for children ages 5-12 years who are affected by FASD. The camp will be offered one Saturday each month at five locations: Winnipeg, Brandon, Selkirk, Thompson and Bloodvein. This program is designed to offer children a fun, safe day. It also provides the opportunity to learn and practise social skills, fine and large motor skills and self-regulation. For more information contact:
