Reminder to Pharmacists

Issuance of Bulletin #58

Bulletin #58, effective April 29, 2008, completes the initial transitional phase associated with the new generic submission criteria and is issued to balance access and inventory supply management by wholesalers, and manufacturers.

To this end, this Bulletin contains product additions and/or line extensions for existing interchangeable categories as well as two Brand non-interchangeable products. In consideration of this transitional phase, the Manitoba Society of Pharmacists (MSP) has agreed to a “one-time only” exception to the 30 day notification period resulting in a 14 day notification period for Bulletin 58.

Manitoba Health is committed to process improvements to further enhance the current listing process.
