Residential Charge Reduction: Overview

Unless proper documentation is supplied to the facility, the client will be assessed at the maximum daily rate. Manitoba Health approves a reduced residential charge by two methods. To apply, one or both of the following forms must be submitted to the facility:

- A *Tax Information Release Form* that is sent to Manitoba Health who determines the client's rate from Canada Revenue Agency income tax information (Notice of Assessment) and then notifies the facility of the clients rate.
- An *Application for Reduced Residential Charge*, on which the facility determines the client's rate.

To determine which forms are applicable to your client, please refer to the chart on page 3 of this section

Request for Review (MH /SM #228)..... 6 - 7

Residential Charge Review Process

A *Request for Review* (MH/SM #228) should be forwarded to Manitoba Health when:

- I. The client has completed the *Application for Reduced Residential Charge*; and has a spouse/common-law partner residing in another facility and, therefore, a rate must be established for each person.
- II. The client/representative advises that they are unable to pay the assessed charge because of extenuating circumstances.

Manitoba Health has the authority to review the residential charge, and either reduce or confirm the rate to an amount that is not less than the minimum rate, in accordance with policies approved by the Minister of Health.

Note: A *Request for Review* (MH/SM 228) is at the end of this section

Procedure for Review

I. The client has a spouse or partner living in another health facility:

1. Each facility completes Section A on the *Request for Review* form.
2. Each facility submits the *Request for Review, Application for Reduced Residential Charge, and* Notice of Assessment, to the Manager, Residential Charge Program, Residential Charges, Room 1015–300 Carlton Street, Winnipeg, Manitoba, R3B 3M9.
3. While awaiting a response, the client will be charged the previous year's rate, or \$39.90, if assessed the minimum rate last year, or if admitted after July 31, 2023. However, if a rate has been assessed effective August 1, 2023 based on a spouse or partner in the community, and it is less than the previous year's assessed rate, the lower rate will be charged while awaiting a response.
4. Manitoba Health reviews the material and establishes the rate for each spouse or partner.
5. Manitoba Health completes Section C, Disposition of Review - Manitoba Health Decision, on each *Request for Review*.
6. Manitoba Health distributes copies of the completed *Request for Review* and letter.
 - ✓ Manitoba Health retains one copy
 - ✓ One copy to each facility, and if transferred, an additional copy to any receiving facility
 - ✓ One copy to the client or their representative
 - ✓ One copy to the PCH Clerk, Residential Charges

Note: If the client is unable to pay the rate assessed by Manitoba Health in Procedure I, they may request a review in accordance with Procedure II. The new request for review must be initiated within 30 days of the date in Section C of the *Request for Review* distributed in Procedure I, rather than 30 days from the effective date as specified in Procedure II.

- II. **The client / representative advises that they are unable to pay the assessed charge due to extenuating circumstances, and wishes to request a review.**
1. The client / representative must inform the facility in writing of their request for a review within 30 days of the effective date. Reasons and evidence to support the request must accompany the client's notification.
 2. The facility completes Section A on the *Request for Review*.
 3. The client or their representative completes Section B on the *Request for Review*.
 4. The facility submits the *Request for Review* to the Manager, Residential Charge Program, Residential Charges, Room 1015 – 300 Carlton Street, Winnipeg, Manitoba, R3B 3M9, along with:
 - a) A copy of the *Application for Reduced Residential Charge*, Notice of Assessment(s), and all required or pertinent documentation;
 - b) **Or** a copy of the *Notification of Residential Charge*, and all required or pertinent documentation.
- Manitoba Health policies specify the documentation required to support a *Request for Review*. This information **must** accompany the request. (Policies are included in Section 8 of this manual)
5. While awaiting a response, the client has the option of being charged the assessed rate, or the previous year's rate, or \$39.90, if assessed the minimum rate last year, or if admitted after July 31, 2023. However, if the previous year's rate is less than \$39.90, a rate not less than the current minimum of \$39.90 is to be charged.
 6. Manitoba Health reviews the material and either confirms or reduces the rate in accordance with approved policies.
 7. Manitoba Health completes Section C, Disposition of Review - Manitoba Health's Decision, on the *Request for Review*.
 8. Manitoba Health distributes copies of the completed *Request for Review* and letter:
 - ✓ Retains one copy
 - ✓ One copy to the facility. If transferred, a copy is sent to the receiving facility
 - ✓ One copy to the client or their representative
 - ✓ One copy to the PCH Clerk – Residential Charges

Additional Information on the Review Process

1. If a client is transferred to another facility while a review or appeal is in process, the transferring facility must contact Manitoba Health. When the review or appeal is completed, Manitoba Health will notify the transferring facility and receiving facility of the assessed rate.
2. If valid circumstances prevent the client from providing the facility with a written intent to request a review, the facility may transcribe the applicant's request and submit it with a *Request for Review*.
3. If a client passes away while a review or appeal is in process, and if notification from the facility is given to Manitoba Health, the rate will be adjusted to the previous year's assessed rate if lower than the current year's assessed rate, or the current minimum rate, if assessed the minimum rate last year, or if a new applicant.
4. *Requests for Review* received after the 30 day deadline will be accepted by Manitoba Health only if justification is provided to satisfy Manitoba Health that the client or their representative were unable to submit the request within the 30 day deadline. Manitoba Health will not consider *Requests for Review* received after one year of the effective date of the charge.
5. *Requests for Review* received after one year of the effective date of the charge, and those rejected by Manitoba Health, will be referred to the Manitoba Health Appeal Board. The Board will consider the request and advise Manitoba Health and the client or their representative as to whether or not the Board approves the request to proceed to Manitoba Health for a review.
6. *Requests for Review* will be accepted by Manitoba Health throughout a rate year in situations where the assessed rate has been based on the combined income of a resident and their spouse/common-law partner and one spouse/common-law partner passes away and the client or their representative requests a review to have the charge based solely on the income of the client.
7. If the rate changes as the result of a review or appeal, the final rate is to be charged/reimbursed retroactive to the effective date of charge.

Other Administrative Information2 - 4

- Clients requiring active treatment
- New clients admitted from the community
- Inter-facility transfers
- Spouse/partner is in juxtaposed facility
- Spouse/partner’s net income
- Client’s spouse/partner admitted to facility
- Reporting of assessed rates to Manitoba Health by facilities

The following administrative information is provided to assist with assessing, reviewing, appealing, and reporting residential charges:

Clients requiring active treatment

- Personal care home residents who are moved to a hospital for active treatment will continue to pay the daily rate while their bed is being held.
- Patients in hospital panelled for personal care home placement, and chronic care patients in a hospital or a long term care facility, will continue to pay the assessed rate for 5 days from the date that active treatment commences. On the sixth day an Admission/Separation form is completed and the charge will be suspended and will remain suspended until active treatment is no longer required.

New clients admitted from the community

- Regional Health Authority staff will explain the process of assessing income to persons anticipating admission to a personal care home. A copy of the "Guide to Services and Charges" may be provided to the client or their representative.
- The facility will provide a copy of the "Guide to Services and Charges" to prospective clients on their waiting list when the time for admission approaches.
- Additional copies of the "Guide to Services and Charges" may be obtained from the PCH Clerk, Residential Charges, 300 Carlton Street (phone: 204-786-7150; fax: 204-949-0128).

Inter-facility transfers

- When a client is admitted or transferred to another facility, Manitoba Health tracks their location through the Admission/Separation Form, therefore a copy of the completed *Application for Reduced Residential Charge* or the *Notification of Residential Charge* needs to be sent only to the receiving facility and the assessed rate will continue to apply. Receipt of the *Notification of Residential Charge* indicates to the receiving facility that a *Tax Information Release Form* has been completed for the client, and that a new form is not required.
- When a personal care home resident is separated to hospital (i.e. the personal care home bed is cancelled) and is subsequently panelled for readmission to a personal care home, the previously completed application or notification and the assessed rate may be used if current.

Spouse/partner is in juxtaposed facility

- If one spouse/partner is a resident in a personal care home and the other spouse/partner is in the juxtaposed hospital and if a *Tax Information Release Form* has not been completed, it is not necessary to submit the *Request for Review* to Manitoba Health for a decision on the rate.
- The rate for each spouse/partner can be determined by the facility in accordance with the Instructions for Completion of Application for Reduced Residential Charge, Section E, #6.

Spouse's/partner's Net Income

- An *Application for Reduced Residential Charge* is to be completed in situations where both spouses/partners file on one Income Tax and Benefit Return. The filing spouse/partner is required to provide the facility with a copy of pages 1 to 4 of the T1-General, or pages 1 and 2 of the T1S-A Income Tax and Benefit Return. The information on the Income Tax and Benefit Return must agree with the *Notice of Assessment*. When assessing the residential charge, the net income that is added for the dependant spouse/partner is the amount that would have been entered on line 236 of the Income Tax and Benefit Return had he or she completed a return.
 - ✓ This information is found on Page 1 of the T1S-A or T1 General, in Information about your spouse or common-law partner;

Client's spouse/partner admitted to facility

- If a client's spouse/partner is admitted to a long term care facility, or panelled in hospital, a new *Application for Reduced Residential Charge* is to be completed for each spouse/partner, in accordance with the Instructions for Completion of Application for Reduced Residential Charge.

Reporting of assessed rates to Manitoba Health by facilities

- The annual Rate Report will be sent to facilities immediately upon receipt of information from Canada Revenue Agency. The report will include the rates of those clients who were in the facility as of June 1, 2023, and who completed a Tax Information Release Form by that date. Facilities are to complete the assessed rate for the balance of the clients from Section E of the *Application for Reduced Residential Charge*. The report is then to be returned to Manitoba Health by August 31, 2023. Complete reporting instructions will be included with the report.

- For all clients admitted/panelled after the initial reporting, the assessed rate from Section E of the *Application for Reduced Residential Charge* will be completed on the Admission/Separation for Long Term Care Facility Form (Manitoba Health Form #240) that is submitted to 300 Carlton Street.
- The Personal Care Home Monthly Statement will include the assessed rate as reported by the facility.

Manitoba Health will only consider granting relief upon receipt of acceptable documentation. Any such relief will not reduce the residential charge below the daily minimum rate.

Documentation Required To Support Request:

- A completed Schedule of Personal Expenditures for the spouse or common-law partner residing in the community.

A copy of the Revenue Canada Statement of Canada Pension Plan Benefits, T4A (P) Supplementary must be provided to Manitoba Health as documentary evidence. Any such relief will not reduce the residential charge below the daily minimum rate.

Capital Gains

In determining the residential charge, "Net Income" as defined in the Health Services Insurance Act and Regulations will be adjusted by Manitoba Health by deducting the allowable deduction for net capital losses of other years (line 253) and the capital gains deduction (line 254) provided by Canada Revenue Agency. Manitoba Health will consider reducing the taxable capital gains (line 127) for any portion of the gain arising from the disposition of assets prior to the client's date of panel. Acceptable documentary evidence to support the deduction(s) or the capital gain must be provided to Manitoba Health. Any such relief will not reduce the residential charge below the daily minimum rate.

Documentation Required To Support Request

- Copy of prior year's Income Tax and Benefit Return that identifies the amount at Line 127 and a copy of Schedule 3 – Capital Gain (or Losses) and documentary evidence that indicates that the disposition of the asset(s) occurred prior to the date of panel.

Cash Flow Problems Resulting From Compound Interest Income of a Client

When income for determining the residential charge includes accrued interest income, the client is expected to pay an amount which is supported by cash income. The accumulated unpaid difference between the amount paid and the amount of the residential charge billed, will be due immediately upon the maturity of the investment(s), or client separation, whichever occurs first. Relief for cash flow problems arising from compound interest accrued in the prior year's income will be provided only if the investment was placed before the client's date of panel. Documentary evidence must be provided to Manitoba Health. Any such relief will not reduce the residential charge below the daily minimum rate.

Documentation Required To Support Request

- Copy of prior year's Income Tax and Benefit Return
- Documentation that specifies the maturity dates of the investment(s) and the amount of compound interest or accrued interest included in income.

Contractual Obligations of a Client

1. Prepaid Funeral Service Arrangements.
2. Life Insurance Premiums.
3. Rent

Upon providing satisfactory documentary evidence to Manitoba Health, financial relief will be considered that is equal to the annual cost of prepaid funeral service arrangement contracts, life insurance premiums, or rent payable to fulfill obligations under the Residential Tenancies Act while concurrently paying the residential charge. This relief will be provided only if the arrangement was entered into before the client's date of panel. Any such relief will not reduce the residential charge below the daily minimum rate.

Documentation Required To Support Request

- Copy of the funeral service arrangement or life insurance contract that specifies the date of the contract and the amount and frequency of the payments.
- Copy of the rent receipt that indicates the period of time and the amount of duplicate rent paid.

Costs to Support Lifestyle Choices (Tobacco and Alcohol)

Manitoba Health will not recognize the cost of supporting a lifestyle choice, such as tobacco or alcohol, when setting the residential charge.

Declining Income (Investment Income)

In determining the residential charge, the prior years' "Net Income", as defined in the Health Services Insurance Act and Regulations, will be adjusted to reflect reduced income in the current year resulting from lower interest and dividend rates, and from a reduced level of investment that occurred prior to the date of panel, but not for a reduced level of investment that occurred after the date of panel. Any such relief will not reduce the residential charge below the daily minimum rate. Acceptable documentary evidence must be provided to Manitoba Health.

Documentation Required To Support Request

- Copy of prior year's Income Tax and Benefit Return that specifies amount of investment income in the prior year and;
- Completed copy of the Changes in Investment Income Schedule and;

Acceptable documentary evidence must be provided to Manitoba Health. Any such relief will not reduce the residential charge below the daily minimum rate.

Documentation Required To Support Request

- Copy of prior year's Income Tax and Benefit Return that specifies the amount of pension, rental, or employment income in the prior year and documentary evidence which supports this source of income in the current year.

Dependant(s)

In determining the residential charge for a client who has a dependant child(ren) up to the age of majority (age 18) and beyond age 18, if infirm or attends at a post-secondary educational institution full-time, an amount of \$8,500 annually per dependant will be deducted from the Client's "Net Income" as defined in the Health Services Insurance Act and Regulation. Documentation Required To Support Request

- Specify name(s), age, place of residence and reasons for dependency or;
- Provide copy of prior year's Income Tax and Benefit Return in which dependant is claimed.

Duplicate Housing Expense

Where a client has incurred housing expenses as a result of not being able to sell a home upon admission to a personal care home or upon being paneled in hospital, Manitoba Health will consider financial relief. Manitoba Health will grant relief upon receipt of acceptable documentation for property taxes, utilities, household insurance, and security monitoring expenses, and such consideration will be given for a period of up to four months from the original effective date of their charge. Any such relief will not reduce the residential charge below the daily minimum rate.

Documentation Required To Support Request:

- Copies of invoices or receipts of housing expenses for property taxes, utilities, household insurance, and security monitoring.

Extraordinary Medical Expense

Where a client and/or their spouse or common-law partner residing in the community has incurred extraordinary medical expense(s) that cannot be absorbed from the allowance for disposable income and/or the allowance for the spouse or common-law partner in the community, as incorporated in Regulations under the Health Services Insurance Act, Manitoba Health will consider financial relief. Manitoba Health will only consider granting relief upon receipt of acceptable documentation for the period of one year prior to the effective date of the charge. Any such relief will not reduce the residential charge below the daily minimum rate.

Documentation Required To Support Request:

- Copies of invoices or receipts of medical expenses incurred one year preceding the effective date of the charge. If any of the medical expenses being claimed are covered by a health insurance plan (i.e. Blue Cross), a copy of the health insurance benefit statement showing the amounts that have been paid must also be provided.

Income from Registered Retirement Income Funds (RRIF) and Registered Retirement Savings Plans (RRSP)

In determining the residential charge, all receipts from Registered Retirement Income Funds (RRIF's) and Registered Retirement Savings Plans (RRSP's) whether a series of payments or a lump sum, will be considered income in the year of receipt as reported to Canada Revenue Agency and as included in Net Income on a taxpayer's Notice of Assessment.

“Net Income” as defined in the Health Services Insurance Act and Regulations will be adjusted by Manitoba Health by reducing RRSP income (line 129) by the amount withdrawn prior to the client's date of panel, and by reducing RRIF income (line 115) for excess withdrawals as shown on the T4 RRIF slip that was withdrawn prior to the client's date of panel. Acceptable documentary evidence must be provided to Manitoba Health. Any such relief will not reduce the residential charge below the daily minimum rate.

Documentation Required To Support Request

- Copy of prior year's Income Tax and Benefit Return that identifies RSP income at Line 129 and/or RRIF income at Line 115.
- Copy of T4RSP that identifies the amount withdrawn.
- Copy of T4RIF that identifies the amount of excess withdrawals.
- Documentary evidence that indicates that the amount of RRSP withdrawal, or the amount of the RRIF excess withdrawal, occurred prior to the date of panel.

In situations where the *Request for Review* submitted is incomplete and a decision cannot be made, the request will be returned for additional information and a two month (60 days) grace period will be allowed. During this time, the client will have the option of paying the assessed rate, or the prior year's assessed rate, or in the case of a new client, the daily minimum rate, pending receipt by Manitoba Health of all documentation required to support the request.

If the required information has not been received by Manitoba Health within the two month (60 days) grace period, the assessed daily rate will apply retroactively.

Private Attendant for Client

Charges for a private attendant, whether paid by the client or others, will not be considered in establishing the daily residential charge.

Retroactive Income Received

In determining the residential charge, "Net Income" as defined in the Health Services Insurance Act and Regulations will be adjusted by deducting retroactive income applicable to the previous taxation year(s). Acceptable documentary evidence to support the retroactive payment must be provided to Manitoba Health. Any such relief will not reduce the residential charge below the daily minimum rate.

Documentation Required To Support Request

- A copy of the prior year's Income Tax and Benefit Return that indicates the amount of retroactive income plus documentary evidence that indicates the period to which the income is applicable.

Vow of Perpetual Poverty (Religious order)

A client who has taken for religious reasons, a vow of perpetual poverty, will be required to pay the residential rate determined in accordance with the Act and Regulations and policies established.
