NOTICE PAPER

NOTICE OF MOTION FOR THURSDAY

PROPOSED RESOLUTION:

Mrs. STEFANSON – Lack of Provincial Government Support for City of Winnipeg Nutrient Management Projects

15. WHEREAS the protection of water resources is an investment in the long-term health and well-being of Manitoba's environment and economy; and

WHEREAS since taking office in 1999, the Provincial Government has made countless announcements and promises about cleaning up Lake Winnipeg; and

WHEREAS the Provincial Government's announcements and promises have not yet been shown to have resulted in meaningful improvements to Lake Winnipeg's health, as seen in the proliferation of algal blooms, and the repeated issuing of beach advisories; and

WHEREAS Manitobans have demonstrated their commitment to adopting practices aimed at protecting the province's water resources for future generations; and

WHEREAS Manitobans expect the Provincial Government to demonstrate this same level of commitment; and

WHEREAS the City of Winnipeg is fulfilling its obligations to reduce nutrient loading, such as implementing expensive upgrades to its wastewater treatment facilities; and

WHEREAS the costs of these upgrades is estimated to be in the range of \$1.8 billion; and

WHEREAS in the 2008 Manitoba Budget Address, the Provincial Government said it will invest \$235 million for the upgrading of Winnipeg's wastewater plants, which falls well short of a true one-third funding commitment; and

WHEREAS Manitobans are increasingly frustrated with the Provincial Government's rhetoric and recycled promises on Lake Winnipeg, and have lost confidence in the government's ability to rectify the situation.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to stop the rhetoric and consider working on meaningful strategies that will result in measurable improvements to the health of Lake Winnipeg; and

THEREFORE BE IT FURTHER RESOLVED that the Legislative Assembly of Manitoba strongly urge the Provincial Government to consider fulfilling its commitment to provide one third of the total funding toward the upgrades to the City of Winnipeg's wastewater treatment plants and to addressing the combined sewer outfall issue.
