NOTICE PAPER

NOTICE OF MOTION FOR THURSDAY:

PROPOSED RESOLUTION:

Mrs. DRIEDGER – Establishing a Dedicated Stroke Unit in Manitoba

15. WHEREAS stroke is the leading cause of adult disability in Manitoba; and

WHEREAS circulatory diseases are the most common cause of death in Manitoba, with stroke being the third leading cause of death; and

WHEREAS at least 1,475 Manitobans had a stroke in 2011/2012, representing a rate of 2.5 strokes for every thousand residents, and 612 Manitobans died from suffering a stroke in 2012; and

WHEREAS a stroke always constitutes a medical emergency and hospitals in other parts of Canada that have a dedicated unit with specialist staff and services for the treatment and management of stroke patients improve their care and outcomes; and

WHEREAS the Canadian Best Practice Recommendations for Stroke Care recommends stroke patients should be treated on a specialized stroke rehabilitation unit that is geographically defined; and

WHEREAS dedicated stroke unit care reduces the chances of death and disability for all people regardless of the severity of the stroke by up to 30%; and

WHEREAS every other province in Canada has realized the value dedicated stroke units create for patients and has established these unique medical units; and

WHEREAS Manitobans have been left at a disadvantage when receiving stroke care as citizens of the only province without a dedicated stroke unit; and

WHEREAS the Provincial Government has promised Manitobans the right care at the right time with the right health care providers.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to create a specialized, interdisciplinary dedicated stroke unit within a tertiary care hospital.
