### NOTICE OF MOTION FOR THURSDAY:

#### PROPOSED RESOLUTION:

#### **Mr. PEDERSEN – Provincial Government Mismanagement Hurting Manitoba’s Mining Industry**

4. WHEREAS Manitoba’s mining industry is the fourth largest primary industry in the province and the largest employer in Northern Manitoba, representing a workforce of approximately 4,500 and 5% of Manitoba’s gross provincial product; and

WHEREAS the mining, exploration and extraction sectors are deteriorating in Manitoba because the Provincial Government refuses to address significant concerns that hamper growth and sustainability within the sector; and

WHEREAS according to Professor Jack Mintz, Palmer Chair in Public Policy at the University of Calgary: “*Coupled with the highest mining-tax rate in the country and a relatively high corporate income tax rate, Manitoba’s mining-tax regime is among the least efficient in Canada*”; and

WHEREAS the Provincial Government has harmed the extractive sector because of a failure to issue work permits once a Mineral Exploration License has been granted and has broken its promise to post the current status of work permits online; and

WHEREAS the Provincial Government has failed to provide appropriate resources for the Manitoba Geological Survey that supports future development of the extractive sector in Manitoba and continues to ignore the recommendations of the Mining Association of Manitoba despite successive budgetary and legislative submissions from that Association on the need to restore Manitoba to a competitive position to attract investment and create jobs; and

WHEREAS the Provincial Government has failed to support Manitoba’s extraction sector by not keeping any records of meetings from the Minister’s Mining Advisory Council which was established with representation from First Nations, industry and government to provide advice on consultation, resource revenue sharing and educational opportunities among other areas; and

WHEREAS Manitoba’s share of national exploration expenditures as of March of this year was only 1.6% as compared to 2011 when Manitoba saw more than four times that amount spent in the exploration sector.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba acknowledge that the inaction of the Provincial Government has markedly harmed the extractive sector.
