(Mr. BINDLE – 5 minutes)

RESOLUTIONS:

Mr. LAMONT – Declaring an Environment and Climate Emergency

15. WHEREAS the Intergovernmental Panel on Climate Change (IPCC) concluded that if humans don't take immediate and collective action to limit global warming, the consequences will be irreversible; and

WHEREAS Canada's Changing Climate Report (CCCR) commissioned by Environment and Climate Change Canada stated that Canada, on average, is experiencing warming at twice the rate of the rest of the world; and

WHEREAS Manitoba's abundance of clean hydro electric energy if kept public and affordable, can be used to reduce use of fossil fuel use across Canada; and

WHEREAS according to Ducks Unlimited Canada, even with the current Manitoba Wetland Restoration Incentive Program, the province is still losing 10 hectares of wetlands for every one hectare that is restored; and

WHEREAS according to Keystone Agricultural Producers, Manitoba has not had an updated land use policy in over 50 years; and

WHEREAS no Manitoba government has ever developed or implemented a substantial and effective plan to reduce emissions across Manitoba; and

WHEREAS Manitoba has the capacity to take back control of its environment and become carbon neutral by storing as much carbon as the province would emit in ten years; and

WHEREAS growing the economy does not depend on degrading the environment, and environmental renewal and growth is essential to life and to a better economy; and

WHEREAS action to support clean growth and meaningfully reduce greenhouse gas emissions in all parts of the economy are necessary to ensure a safer, healthier, cleaner and more prosperous future for Manitoba children and grandchildren.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to declare that Manitoba is in a climate emergency which requires, as a response, that the Provincial Government commit to meeting emissions reductions targets under the Paris Agreement and take back control of its environment to make it easy for every Manitoban to go green by: negotiating a made in Manitoba green plan with the Federal Government; investing in wilderness restoration; and electrifying provincial transportation and the power grid.

DEBATE ON RESOLUTIONS:

1. Mr. LINDSEY – Obstetric Delivery Services at Flin Flon General Hospital
(Ms. MORLEY-LECOMTE – 9 minutes/159 minutes remaining)
