August 20, 2002

Mr. David Hudson  
Hudson Holdings Inc., operating as Midwest Tirecraft Firestone  
Unit 1 1600 Regent Ave.  
Winnipeg MB R2C 3B5

Dear Mr. Hudson:

Enclosed is Dangerous Goods Handling and Transportation Act Licence No. 144 HW dated August 20, 2002 issued in accordance with the Dangerous Goods Handling and Transportation Act to **Hudson Holdings Inc., operating as Midwest Tirecraft Firestone**, in connection with the construction and operation of a used oil burner ("the facility") located at Unit 1 1660 Regent Ave., in the City of Winnipeg, and in accordance with the Proposal filed under The Dangerous Goods Handling and Transportation Act on February 9, 1998

In addition to the enclosed Licence requirements, please be informed that all other applicable federal, provincial and municipal regulations and by-laws must be complied with.

For further information on the administration and application of the Licence, please feel free to contact Mike Baert at 945-0992.

Yours truly,

David Ediger, P. Eng.  
Regional Director  
Red River Region

Enc.

Issue Date/Date de délivrance August 20, 2002

In accordance with the Manitoba Dangerous Goods Handling and Transportation Act (C.C.S.M. c. D12)/  
Conformément à la Loi sur la manutention et le transport des marchandises dangereuses (C.P.L.M. c. D12)

THIS LICENCE IS ISSUED PURSUANT TO SECTION 8(4) OF THE DANGEROUS GOODS HANDLING  
AND TRANSPORTATION ACT TO:

THIS LICENCE IS ISSUED TO:/CET LICENCE EST DONNÉ À:

Hudson Holdings Inc., operating as Midwest Tirecraft Firestone; "the Licencee"

for the operation of a space heating used oil burner located at Unit 1 1600 Regent Avenue, in the City Of Winnipeg, and in accordance with the Application filed under The Dangerous Goods Handling and Transportation Act on February 9, 1998 and subject to the following specifications, limits, terms and conditions:

## DEFINITIONS

In this Licence,

“**Director**” means an employee of the department who has been designated or appointed by the Minister;

“**facility**” means all buildings, structures, process and pollution abatement equipment, storage facilities and land used by the Licencee for the purposes of burning used oil in a space heating used oil burner;

“**Licencee**” means Hudson Holdings Inc., operating as Midwest Tirecraft Firestone, it’s successors and assignees;

“**space heating used oil burner**” means any device, implement, mechanism or appliance that meets the definition of “Oil Burning Equipment” as defined in CAN/CSA Standard B139 Installation Code for Oil Burning Equipment, as updated from time to time;

“**used oil**” means oil that through use, storage, handling, defect, damage, expiry of shelf life or other similar circumstances can no longer be used for its original purpose.

## GENERAL TERMS AND CONDITIONS

This Section of the Licence contains requirements intended to provide guidance to the Licencee in implementing practices to ensure that the environment is maintained in such a manner as to sustain a high quality of life, including social and economic development, recreation and leisure for present and future Manitobans.

1. The Licencee shall ensure that the operation of the facility is in accordance with the proposal dated February 9, 1998.
2. The Licencee shall ensure that only used oil is used as a fuel in the space heating used oil burner.
3. The Licencee shall ensure that all used oil is
  - a) stored in accordance with Manitoba Regulation 188/2001, the *Storage and Handling of Petroleum Products and Allied Products Regulation* as amended from time to time, where applicable; or
  - b) in a manner to minimize any potential release or fire hazard.
4. The Licencee shall ensure that the burner chimney is positioned to prevent the intrusion of combustion fumes into any adjoining air intake, window or door.
5. The Licencee shall ensure that all ash that can be classified as a hazardous waste, produced by combustion in the space heating used oil burner, is disposed of by a hazardous waste disposal company or in a manner approved by the Director.
6. The Licencee shall supply to the Director, no later than June 30 of each year, a written report summarizing the amount of used oil combusted in the space heating used oil burner for the previous June 30-July 1 heating season.
7. The Licencee shall ensure that on a minimum monthly basis, the following maintenance operations are performed where applicable:
  - a) the heat exchanger and flue piping for the space heating used oil burner is vacuum cleaned;
  - b) all sludge collected in the stainless steel hot filter element is removed; and
  - c) ash and other deposits are removed from the drip legs.
8. The Licencee shall ensure that the flue stack is cleaned annually, at minimum.
9. The Licencee shall ensure that the installation has been in accordance with The Gas and Oil Burner Act Chapter G30 and accompanying regulation.

### REVIEW AND REVOCATION

- A. If, in the opinion of the Director, the Licencee has exceeded or is exceeding or has or is failing to meet the specifications, limits, terms, or conditions set out in this Licence, or in the opinion of the Director a hazardous situation exists, the Director may, suspend, withdraw or cancel this Licence.
- B. If the Licencee has not commenced construction of the Facility within six months of the date of this Licence, the Licence is revoked.
- C. This Licence will be reviewed by Manitoba Environment five years after the issue date of the Licence and, depending on the results of the review, the Licence may be extended, revoked or altered by the Director.
