Marna J. Bulbuck, C.A.O.  
125 - 1st Avenue NW  
Box 730  
Roblin, MB R0L 1P0

May 18, 2010

Dear Ms. Bulbuck:

Enclosed is **Environment Act Licence No. 2921** dated May 18, 2010 issued to the **Town of Roblin** for the construction and operation of the Development being a groundwater supply system for municipal purposes for the Town of Roblin, with the following components:

- a) two existing water supply wells within the Town of Roblin;
  - b) a water treatment plant and reservoir on Provincial Trunk Highway No. 5;
  - c) a winter holding pond for water treatment by reverse osmosis concentrate water in NW 5-26-28W; and
  - d) pipelines connecting the above components of the Development
- in accordance with the Environment Act Proposal dated January 27, 2010.

In addition to the enclosed Licence requirements, please be informed that all other applicable federal, provincial and municipal regulations and by-laws must be complied with.

For further information on the administration and application of the Licence, please feel free to contact Dave Yunker, Environment Officer at (204) 622-2134.

Yours truly,

Tracey Braun, M. Sc.  
Director  
Environment Act

Enclosed for:  
c: Denis Labossiere, Director, Environmental Operations  
Dave Chwaluk, P. Eng., Chief Engineer, MWSB  
Saibal Kumar Basu, Ph. D., P. Eng., Stantec Consulting Ltd.  
Dave Yunker, Environment Officer, Western Region  
Public Registries

**NOTE:** Confirmation of Receipt of this Licence No. 2921 (*by the Licensee only*) is required by the Director of Environmental Assessment and Licensing. Please acknowledge receipt by signing in the space provided below and faxing a copy (letter only) to the Department by June 2, 2010.

# LICENCE

Licence No. / Licence n° 2921

Issue Date / Date de délivrance May 18, 2010

In accordance with The Manitoba Environment Act (C.C.S.M. c. E125)  
Conformément à la Loi sur l'environnement (C.P.L.M. c. E125)  
Pursuant to Section 11(1)

THIS LICENCE IS ISSUED TO: / CETTE LICENCE EST DONNÉE À:

THE TOWN OF ROBLIN; "the Licencee"

for the construction and operation of the Development being a groundwater supply system for municipal purposes for the Town of Roblin, with the following components:

- a) two existing water supply wells within the Town of Roblin;
- b) a water treatment plant and reservoir on Provincial Trunk Highway No. 5;
- c) a winter holding pond for water treatment plant reverse osmosis concentrate water in NW 5-26-28W; and
- d) pipelines connecting the above components of the Development

in accordance with the Environment Act Proposal dated January 27, 2010, and subject to the following specifications, limits, terms and conditions:

## DEFINITIONS

In this Licence,

"as constructed drawings" means engineering drawings complete with all dimensions which indicate all features of the Development as it has actually been built.

## GENERAL TERMS AND CONDITIONS

This Section of the Licence contains requirements intended to provide guidance to the Licencee in implementing practices to ensure that the environment is maintained in such a manner as to sustain a high quality of life, including social and economic development, recreation and leisure for present and future Manitobans.

1. The Licencee shall, in addition to any of the following specifications, limits, terms and conditions specified in this Licence, upon the request of the Director:
  - a) sample, monitor, analyse or investigate specific areas of concern regarding any segment, component or aspect of pollutant storage, containment, treatment, handling, disposal or emission systems, for such duration and at such frequencies as may be specified;
  - b) determine the environmental impact associated with the release of any pollutants from the Development;
  - c) conduct specific investigations in response to the data gathered during environmental monitoring programs; or
  - d) provide the Director, within such time as may be specified, with such reports, drawings, specifications, analytical data, flow rate measurements and such other information as may from time to time be requested.
2. The Licencee shall operate the water supply system in accordance with Manitoba Regulations under the Public Health Act, the Drinking Water Safety Act, and all operating requirements as recommended by Manitoba Conservation and Manitoba Water Stewardship.
3. The Licencee shall collect and dispose of all used oil products and other regulated hazardous wastes generated by the machinery used in the operation of the Development in accordance with applicable Manitoba Conservation and legislative requirements.
4. The Licencee shall maintain the water supply wells associated with the Development to prevent the contamination of groundwater or surface water:
  - a) entering the well casings through the top of the casings; and
  - b) entering the well casings through the sides of the casings.
5. The Licencee shall:
  - a) prepare as constructed drawings for the Development and shall label the drawings "As Constructed"; and
  - b) provide to the Director, within three months of the completion of construction of the Development, two sets of as constructed drawings.

#### SPECIFICATIONS, LIMITS, TERMS AND CONDITIONS

##### Respecting Construction:

6. The Licencee shall notify the office of Manitoba Conservation – Environmental Operations Branch in Dauphin not less than two weeks prior to commencing construction of the Development. The notification shall include the intended starting date of construction and the name of the contractor responsible for the construction.
7. The Licencee shall, during construction and operation of the Development:
  - a) immediately report any reportable spills to Manitoba Conservation's Accident Reporting Line at (204) 944-4888; and
  - b) provide a follow-up report to the Director on a reportable environmental accident outlining the cause(s) and proposing corrective action to prevent reoccurrence.

8. The Licencee shall, at all times during the construction of the Development, maintain materials to contain and recover spills of fuel and other fluids associated with construction machinery at construction sites.
9. The Licencee shall establish fuel storage and equipment servicing areas for the construction and operation of the Development:
  - a) a minimum distance of 100 metres from any waterbody; and
  - b) in compliance with the requirements of *Manitoba Regulation 188/2001* respecting *Storage and Handling of Petroleum Products and Allied Products*, or any future amendment thereof.
10. The Licencee shall, during construction of the Development, dispose of non-reusable construction debris at a waste disposal ground operating under the authority of a permit issued under *Manitoba Regulation 150/91* respecting *Waste Disposal Grounds*, or any future amendment thereof, or a Licence issued pursuant to The Environment Act.

**Respecting Operation:**

11. The Licencee shall obtain and maintain classification of the Development pursuant to *Manitoba Regulation 77/2003* respecting *Water and Wastewater Facility Operators*, or any future amendment thereof, and maintain compliance with all requirements of the regulation including, but not limited to, the preparation and maintenance of a Table of Organization, Emergency Response Plan and Standard Operating Procedures.
12. The Licencee shall carry out the operation of the Development with individuals properly certified to do so pursuant to *Manitoba Regulation 77/2003* respecting *Water and Wastewater Facility Operators*, or any future amendment thereof.
13. The Licencee shall not permit the interconnection of a private water supply system with the Development.
14. The Licencee shall operate the Development with respect to the volume and rate of water diverted in accordance with a Water Rights Licence issued pursuant to the Water Rights Act.
15. The Licencee shall actively participate in any watershed and/or aquifer based management study being undertaken by Manitoba Water Stewardship or any watershed planning authority.

**REVIEW AND REVOCATION**

- A. If, in the opinion of the Director, the Licencee has exceeded or is exceeding or has or is failing to meet the specifications, limits, terms, or conditions set out in this Licence, the Director may, temporarily or permanently, revoke this Licence.
- B. If the Licencee has not commenced construction of the Development within three years of the date of this Licence, the Licence is revoked.

- C. If, in the opinion of the Director, new evidence warrants a change in the specifications, limits, terms or conditions of this Licence, the Director may require the filing of a new proposal pursuant to Section 11 of The Environment Act.
