Dear Ms. Woytkiewicz

RE: Environment Act Licence Suspension
Discharge of Effluent from Wastewater Treatment Lagoon

This letter is to acknowledge the request made on April 15, 2016 to commence discharging treated wastewater from the Ethelbert wastewater treatment lagoon outside of the discharge dates as specified in Environment Act Licence 1142.

Due to the hydraulic overloading of the lagoon, I am granting a suspension of Clause 1 of the Clean Environment Commission Order 1142, which allows you to proceed with the discharge of the secondary cell. The suspension is in effect from April 15, 2016 to April 21, 2016 inclusive for this event. This suspension only allows for a discharge sufficient to provide the secondary cell with a freeboard of one meter.

Please be advised that if conditions become unsuitable, discharge must cease and authorization may be revoked. All other clauses in Clean Environment Commission Order 1142 remain in effect.

If you have any questions, please call Dave Yunker, Environment Officer at (204) 622-2134.

Yours sincerely,
