Dear Ms. Tracey Braun:

On behalf of Riverdale Colony, I am writing this letter of request to you. We are wondering if it's possible to get an extension for our domestic human waste reservoir? The reason for this request is: we are in the works of building a residential house and also on an expansion on a poultry barn. Therefore, we are kindly asking if it's possible to get a 5-year extension because of a shortage of funds. We would greatly appreciate if this request was possible to be fulfilled for us.

Sincerely,

Darren Hofer
Secretary of Riverdale Colony LTD.
