Dear Ms. Kozak:

Re: Notice of Alteration - Teulon – Licence No. 1778 RRR

Thank you for your letter dated September 19, 2019, requesting approval to proceed with changes to the granular fertilizer capacity sited at SE ¼ 33-16-2 EPM in Rural Municipality of Rockwood. Specifically you have indicated upgrades to relocate two Meridian 1630 hopper bottom granular fertilizer bins which each have a maximum capacity of 200 tones to be placed on new 20' by 20' concrete pads and to be inloaded with the existing distributor system.

The Environmental Approvals Branch is processing this request as a minor alteration to Environment Act Licence No. 1778 RRR, pursuant to clause 14(2) of The Environment Act. It has been determined that the potential environmental effects from upgrades are insignificant and can be accommodated by the existing limits, terms and conditions of Environment Act Licence No. 1778 RRR.

I hereby grant approval to Nutrien Ag Services (Canada) Inc. to implement the proposed alteration.

If you have any questions on this matter, please contact Ms. Krystal Penner of this office at (204) 945-7107. For any operational issues please contact the Regional Supervisor, Tyler Kneeshaw at (204) 239-3608.

Yours sincerely,
