Dear Mr. Ruhl:

**Re: Notice of Alteration – Dangerous Goods Handling and Transportation Act Licence 69
HW RR – Wastewater Treatment and Name Change**

Thank you for your May 26, 2016, and June 2, 2016 Request for Amendment to Dangerous Goods Handling and Transportation Act Licence No. 69 HW RR for the GFL Environmental Inc. (formerly Enviro West Inc.) hazardous waste collection facility and the additional information provided by Glen Weisbrod on August 17, 2016. The amendment consists of incorporating the wastewater treatment equipment currently on site, installation of a connection to municipal sewer and updating the name of the facility owner.

Upon review of your amendment request, I have concluded that the environmental effects of the proposed amendment will be insignificant, and, therefore, you are hereby authorized to carry out the proposed amendment of wastewater treatment prior to discharge to the City of Winnipeg, and connection to the municipal sewer system as described in the May 27, June 2, and August 17, 2016 documents, contingent upon the Licencee maintaining Pollution Prevention Plan IWSB-PP-753 with the City of Winnipeg.

Please be advised that this approval is contingent on the acceptance of a revised Dangerous Goods Handling and Transportation Act Licence that will be issued in the near future. If you have any questions regarding this matter, please contact Ms. Cory Switzer, Environmental Engineer at 204-250-7645.

Yours sincerely,
