Dear Mr. Shume:

Re: Borland Construction Baghouse Upgrade – Notice of Alteration

Thank you for your Notice of Alteration (NoA) dated February 2, 2015 in which you proposed to install a new baghouse for your Terex E3-400P portable asphalt plant operating in Manitoba under Licence #2923. It is considered that the installation will replace the existing older baghouse and improve the overall quality of air discharged from the plant.

Upon review of your request, I have concluded that the environmental effects of the proposed alteration will be insignificant, and, therefore, in accordance with Section 14(2) of *The Environment Act* you are hereby authorized to carry out the proposed February 2, 2015 Notice of Alteration.

If you have any questions regarding this matter, please contact Mr. Eshetu Beshada of this office at (204) 945-7023.

Yours truly,
