Dear Mr. Waldner:

**Re: Eagle Creek Colony Wastewater Treatment Lagoon
Environment Act Licence No. 3110**

This is further to a liner installation report for the above facility from Titan Environmental Containment completed on October 17, 2014. The report was supplied by Peter Grieger of South-Man Engineering on September 29, 2015. I inspected the liner installation on September 25, 2015. As the liner meets the requirements of clauses 15 and 16 of Environment Act Licence No. 3110, approval to complete construction and operate the facility is hereby provided pursuant to Clause 18 of the Licence.

Record drawings for the facility are due within four months of the date of this letter (by February 16, 2016) as required by Clause 21 of the Licence.

If you have any questions regarding these matters, please contact me at (204) 945-7021 or at Bruce.Webb@gov.mb.ca.

Yours sincerely,
