Hello:

Wildlife Branch has reviewed the proposal and is concerned about possible the statement that the containment drain will be allowed to run east into a municipal ditch on the south side of the building. If there is an accidental chemical spill (or residual chemicals) that escapes containment, we request that the conditions on the environment licence address these concerns.

Thank you.

Hello Geoffrey,

I apologize for the late response, the Lands Branch has no concerns since no Crown lands are impacted by this proposal.

Thank you for the opportunity to review.
