Dear Maurice Arnaud:

Re: Price Industries Ltd - Notice of Alteration

Thank you for the Notice of Alteration dated October 26, 2016 in which you requested an approval to add a product surface decorating process (decoral process) at the Price Industries facility located at 638 Raleigh Street in Winnipeg. The alteration results in the additional emission of volatile organic compounds (VOC). The stack emission report submitted was used to run a Screen3 dispersion model and determined that the emission complies with the Manitoba Ambient Air Quality Criteria.

Upon review of your alteration request, I have concluded that the environmental effects of the alteration will be insignificant, and, therefore, in accordance with Section 14(2) of *The Environment Act* your alteration is approved as described in the August 5, 2016 Notice of Alteration. With this approval the annual VOC reporting shall include the new chemicals.

If you require further information regarding this matter, please contact Eshetu Beshada at (204) 945-7023 or Eshetu.Beshada@gov.mb.ca.

Yours sincerely,

A handwritten signature in black ink that reads "Tracey Braun".
