Subject: Request for review/comment - EAP Coco Paving - Russell Redi Mix Portable Asphalt - File: 5820.00

Hello Eshetu,

Good morning

MCWS Lands Branch has the following comments

Land Management & Planning Section of MCWS Lands branch has no concerns with the EAP for a portable Asphalt Plant however final approval is dependent upon the proponent providing a legal description of the intended location. A legal description is required to evaluate for Crown Land tenure, resource impacts and mitigation requirements; where required, and compatible Operational Land Use coding.

As identified in the proposal, the set-up/operation of the portable asphalt plant is subject to applicable permits and letters of authorization being granted under applicable legislation; including the issuance of a Work Permit under *The Crown Lands Act*.

For clarification on the comments please directly contact Dale Sobkowich Lands Branch MCWS at 204-945-6660

Thank you for the opportunity to review

RE: Coco Paving - Russell Redi Mix Portable Asphalt
Client File No. 5820.00

Dear Ms. Braun:

MIT has reviewed the proposal under the *Environment Act* noted above and the Proponent recognizes and addresses MIT's concerns on page 9 of the document.

Permit applications can be obtained by contacting Ashley Beck at (204) 726-7000 or by email at Ashley.Beck@gov.mb.ca.

Thank you very much for providing us the opportunity to review the proposal.

Sincerely,

for Ryan Coulter, M. Sc., P. Eng.
Manager of Environmental Services

Parks and Protected Spaces Branch has reviewed the proposal submitted pursuant to *The Environment Act* for Request for review/comment - EAP Coco Paving - Russell Redi Mix Portable Asphalt - File: 5820.00. The Branch has no comments or concerns to offer as it does not affect any provincial parks, park reserves, ecological reserves, areas of special interest, or proposed protected areas.

Subject: RE: Request for review/comment - EAP Coco Paving - Russell Redi Mix Portable Asphalt - File: 5820.00

Eshetu,

On page 13 of the EAP the author states that there is no water needed for the operation of an asphalt plant. That was very useful information to include in the EAP.

Therefore, we have no concerns about this proposal.

Rob Matthews, Manager, WULS, CWS
