

Notice of Environment Act Proposal

Manitoba Sustainable Development has received a proposal pursuant to *The Environment Act* regarding the following operation and invites public participation in the review process:

STEFANCHUK CONCRETE/SCMS INC. - BULK MATERIALS HANDLING FACILITY – FILE: 5834.00

A proposal has been filed on behalf of 6057285 Manitoba Ltd. for the installation and operation of a bulk materials handling facility at 50 Nicolas Avenue in Winnipeg, Manitoba. The facility provides raw materials for concrete production through volumetric mixers to be mixed at job sites. The facility also supplies aggregates by slingers and trailers. The concrete mix supply operation takes place from May to November. The potential environmental effects of the development are related to air emissions and generation of liquid and solid waste.

Anyone likely to be affected by the above operation and who wishes to make a representation either for or against the proposal should contact the Department, in writing or by E-mail (Eshetu.Beshada@gov.mb.ca), not later than JUNE 28, 2016. Further information is available from the Public Registries located at: Legislative Library, 200 Vaughan St., Winnipeg; Millennium Public Library, 4th Floor, 251 Donald St., Winnipeg; Online Registry at <http://www.gov.mb.ca/conservation/eal/registries/index.html> or by contacting Eshetu Beshada, Environmental Engineer 204-945-7023.

Information submitted in response to this proposal is considered public information and will be made available to the proponent and placed on the public registry established in accordance with Section 17 of *The Environment Act*.
