Dear Ms. Shields:

**Re: Village of Dunnottar Wastewater Treatment Lagoon – Passive Filter Liner  
Environment Act Licence No. 2704 R**

We have received and reviewed the Notice of Alteration provided for the above matter by Dillon Consulting on October 2, 2014. This notice was filed in response to my letter to you of September 23, 2014. The alteration request meets all requirements of the September 23 letter, and a revised Environment Act Licence will be issued for the project in due course. In the meantime, approval is hereby provided pursuant to Clause 20 of the Licence to use the passive filter cells.

The monitoring and reporting provisions of the Licence that pertain to the passive filter system (clauses 44 – 47) remain in effect during operation of the system.

If you have any questions regarding this approval, please contact me at 204 945-7015.

Yours truly,
