Mr. R. Matthews  
Manager Water Power Act Licensing  
Manitoba Sustainable Development  
1007 Century Street  
Winnipeg MB R3M 0W4

Dear Mr. Matthews:

**SEVEN SISTERS GENERATING STATION (GS) – RENEWAL LICENCE UNDER THE WATER POWER ACT – SUPPORT REPORT AND LICENCE DRAWING SUBMISSION**

Manitoba Hydro is submitting report# WP&O 18-02 entitled “Seven Sisters Generating Station Report in Support of a Request for a Renewal Licence under The Water Power Act and Regulations”, as supporting documentation in the Seven Sisters Renewal Licence process. This report provides details regarding compliance with all terms and conditions of the Final Licence, Short Term Extension Licence, and selected Regulations pursuant to The Water Power Act.

Included in the submission is the licence drawing showing the severance line and lands of the Province required for the continued operation of the Seven Sisters project. The drawing is provided to fulfil the requirement of Section 44g of the Regulation and has been sealed and signed by a professional engineer. Report and drawing provided are in both paper and electronic (Adobe pdf) formats.

Please confirm your receipt of this documentation and advise me on any issues relating to obtaining a Renewal Licence for Seven Sisters GS. Should you have any inquires on this matter or additional process requirements, please contact me at 204-360-3018.

Original signed W.V. Penner
